

Trex®

PAY ONCE,
enjoy (almost) forever

When your deck is made of wood, it's going to cost you. Maybe not at first, but little by little, those splits, splinters, cracks and warps will eat away at your wallet. Not to mention your weekends.

TREX VS. WOOD
TOTAL INVESTMENT OVER TIME

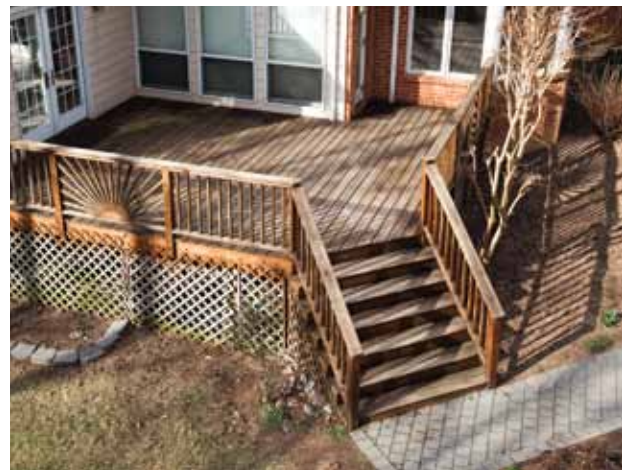

AN INVESTMENT IN YOUR HOME. AND YOUR WEEKENDS.

We estimate that board-for-weathered-board, a wood deck will cost more than a luxurious Trex deck over time. And in 25 years, our Trex decks will still party like new. A 25-year-old wood deck? Probably in a landfill.

The way we see it, outdoor living spaces aren't meant to be outdoor working spaces. Might as well start where you want to end up: with something beautiful, effortless...and Trex.
